CENTRE AUTHORISED BY THE FVG REGION WITH FILING NO. 0013488/P OF 17/06/2020 FOR THE PERFORMANCE OF:

- SECOND-GENERATION ANTIGENIC SWAB
- LATEST-GENERATION ANTIGENIC SWAB
- MOLECULAR SWAB (R-PCR)
- SEROLOGICAL IMMUNISATION TEST FOR COVID-19 (IgM AND IgG)

Our laboratory carries out regular internal quality control (IQC) and regularly submits itself to the Regional Quality Assurance (EQA).

INFORMATION FOR THE PUBLIC

- Swabs can be carried out every day of the week by appointment;
- Booking: by telephone, in person, via email, via the website www.coram.it or with the APP.
- Rates Are Those Practiced Under The Private Regime;
- The secretarial staff is always available, also by phone, to provide all requested information;
- Payments can be made by cash or debit and/or credit card;
- Rare or highly specialized tests are sent to our service laboratory: Synlab (Brescia);
- The lactose Breath test is carried out at the laboratory Analysis, Terracina (Latina);
- The Faber test is carried out at the Sermolab laboratory, Sermoneta (Latina).

The staff at reception gives priority to:

- Children under 6 years of age;
- Individuals with disabilities;
- Tests to be performed at set intervals;
- Urgent clinical cases (defined as urgent by a GP);
- Women in a state of pregnancy.

COLLECTION OF REPORTS:

For haematochemical samples:

- From the following day for all technically feasible examinations; for the remaining examinations, the date of collection will be communicated;
- At the patient's request, at the moment of acceptance, reports can also be sent by post, fax or communicated by phone to the person concerned (in compliance with privacy regulations);
- HMR service: there is a free HMR service, which allows users to view the results of their own tests from home, via the website www.coram.it, also allowing the treating physician, who has signed up for the service, to access the reports of his or her patients, subject to authorisation by the person concerned, in compliance with privacy regulations.

For swabs:

- Second-generation antigenic swab: the certificate will be ready in 15-20 minutes.
- Latest-generation antigenic swab: the certificate will be ready from Monday to Saturday by 7 p.m. of the same day. For swabs performed on Sundays, by 3 p.m. of the following day;
- Molecular swab (r-PCR): the report will be ready from Monday to Saturday by 9 p.m. on the same day. For swabs performed on Sundays, by 3 p.m. of the following day;
- Serological immunisation test for covid-19 (IgM and IgG): the report will be ready from Monday to Saturday by 7 p.m. of the same day. For tests performed on Sundays, by 3 p.m. of the following day.

A certificate will be issued in English for tourists or for expatriation purposes.
